STAR Method Worksheet

Prepare an interview example using situation, task, action and result.

Choose an example

Skill or requirement to demonstrate: _____

Example from work, study or volunteering: _____

Situation and task

Situation: give only the context the interviewer needs.

_____

Task: what were you responsible for?

_____

Action and result

Action: what did you personally do, and why?

_____

_____

Result: what happened, and what did you learn?

_____

Check the answer

Is it relevant, clear and truthful? Is my own contribution clear?

If the result was mixed, explain what you learned and changed.
